Mr. Mark Sweeney

Aimpoint Technologies

Celebration, FL 34747

Dear Mr. Sweeney:

Decision: 2009- 65

This is in reference to the **Aim Chart**, received on January 26, 2009, which you submitted for an official ruling. This is a chart indicating the break amount and direction on standard planar green surfaces.

Please be advised that the chart, as submitted, has been evaluated and it has been determined that it conforms to the Rules of Golf.

This ruling applies only to the sample submitted and any item manufactured identical to it. This ruling does not apply if there is any change in the design, manufacture, material or construction of this device. If a device of similar design, with identical markings is acquired from any source and found to fail USGA standards, then the conformance status of the sample will be reviewed.

In advertisements of the **Aim Chart**, you are authorized to make the statement: "**Permitted under the Rules of Golf**" or "**Allowable under the Rules of Golf.**" Use of the USGA seal or logo and or/statements such as "USGA Approved" or "USGA Tested" is prohibited.

We are retaining the sample as a record of this decision. The USGA reserves the right to change the Rules and interpretations regulating equipment at any time.

Sincerely,

Dick Ruge
Senior Technical Director
